

Planning List – 11.12.17

Ref & Location	Description	MPC Action & Outcome
Manston Airport 16/0550		<p>Manston Parish Council wish to strongly object to the above planning application.</p> <p>No plans can be agreed while the existing local plan still states the land should be used for aviation.</p> <p>There is a possibility of archaeology on the site and remains from the previous RAF and USAF usage.</p> <p>Local amenities are already overstretched. Doctors, dentists and hospitals do not have the capacity to deal with more people.</p> <p>The parish already suffers from traffic pollution and traffic gridlock. More houses will simply add to this.</p> <p>Employment opportunities are needed on a long term within Thanet.</p> <p>Residents who purchased houses within the Manston area and under the flight path should expect some aeroplane noise.</p>
