

Road Maintenance in Your Area

Road Stud Replacement

MANSTON ROAD, BIRCHINGTON

When we plan to carry out the work and how long it will take

This is to let you know that, as part of the on-going maintenance and improvement of the highway network, Kent County Council will be working to reinstate road studs following surfacing of **Manston Road, Birchington/Acol** between **Park Road and Woodchurch Road**.

These road stud reinstatement works will start on **Thursday 11th January 2018** and should take **2 nights** to complete, with working hours between **20.00 – 05.00**. This type of work can be affected by bad weather, so if it is not possible for us to carry it out at this time, we will arrange a new date and let you know via a letter drop to your home. We will also put up signs along the road before we start showing the date we plan to start work.

During these essential works it will be necessary to close the road completely so that we can carry out the works safely for both the workforce and road users. During this closure, a diversion route will be in place via Acol Hill, The Street, Minster Road, A299 Hengist Way, Lord of the manor Interchange, Canterbury Road West and A256 Haine Road.

What we plan to do

Following surfacing of the carriageway earlier this year we will be returning to reinstate the road studs. This will involve the milling of a small section of the carriageway at each point a road stud is required. Studs will then be reinstated and set into the surface. A short period of time will be required for the material securing the stud to cure. These works are relatively quick and mobile and we will work progressively throughout the road until all studs are reinstated keeping noise and disruption to any one location to an absolute minimum

How you can help

It is inevitable that residents and businesses near the works will experience some disruption, but we will try to keep these to a minimum. Any pavements will remain open at all times, but vehicle access to properties will need to be restricted for a short period while work is carried out in front of each property. If you have any particular access needs, please let the workforce on site know.

We need your help to make sure the work is done as quickly as possible and to the best possible quality.

If your vehicle is usually parked on the carriageway, please make sure you park it somewhere else away from the site whilst the works are carried out, so the road is clear for us to complete our activities

If you need more information, please call us on. **03000 41 81 81**

You can also visit our website www.kent.gov.uk/highways to find out how we look after the roads throughout Kent or report any faults you find on our roads.

For your safety and the safety of our workforce, please drive carefully and slowly through the roadworks.

WARNING – Beware Bogus Callers

Kent County Council Highways, Transportation and Waste do not allow works to be carried out on private properties. If anyone says they are working for us or our specialist contractors and offer to carry out any work for cash they should be treated with caution. We advise you to contact Citizen's Advice on 03444 111 444 (Monday to Friday 9.00am to 5.00pm)
